

Aluminium Extrusions: Invest in the metal built for innovation.

8 - 11 DECEMBER

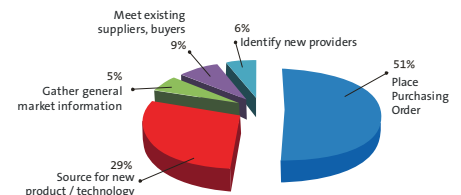

MMRDA Exhibition Centre, Bandra-Kurla Complex, Mumbai.

The 3rd edition of Zak Aluminium Extrusions Expo affirmed its status as the leading and one stop platform for the Indian Aluminium Extrusion industry. The expo was held from December 8th – 11th, 2011 in Mumbai. The show which was started in 2009 has now grown to around 60 exhibiting brands from 10 different countries with a variety of display profile such as aluminum extrusions, dies, surface finishing technology, presses, thermal break solutions, software and material handling solutions. The exhibition was strengthened by the International symposium on Aluminium Surface Finish which has held in association with Qualicoat. Bhoruka Aluminium was the presenting partner of the event and Agarvanshi Aluminium as the associate partner.

- “Congratulation to ZAK once again. In this expo we have received 200 tonnes worth of orders with 150 tonnes of domestic order & 50 tonnes of export order. We look forward to being associated with you in your future events.”
Dipak Das, Vice President, Agarvanshi Aluminium Ltd.
- “Superb show! Great quality of crowd both in the expo & the symposium. We received overwhelming responses & we look forward to future events from ZAK. It was good experience to participate in the show.”
Kshemendra Nath, Managing Director, Sapa Profiles India Pvt. Ltd.
- “This was our first experience in India and a very fruitful one. We have received good enquires and looking to being here again next year”
Mannu Kapoor, Head - Sales & Marketing, National Aluminium Products Co. SAOG, Oman
