

## ABOUT US

is an international metals recycler producing clean and sustainable essential non-ferrous metals that decarbonise the global supply chain.

produce high-quality secondary non-ferrous metals by converting scrap from trade hubs and landfills into usable secondary ingots, sold direct to Original Engineering Manufacturers (OEM's), for a wide range of uses that include automotive, food & beverage packaging, aeronautical, medical, and more.

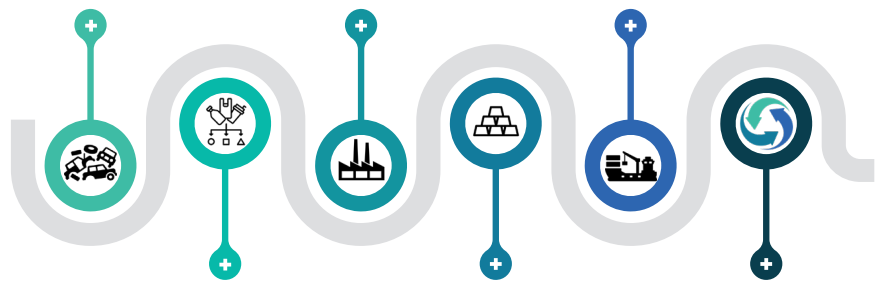

Through QC systematic processing, are building truly sustainable resources that reduce the environmental impact of primary production and raw materials mining.

## PRODUCTION PROCESS

**Collect scrap**  
from hubs, landfills, traders, and depots.

**Melt in furnaces**  
& combine with elements to make alloys to order.

**Shipped to OEM's**  
all over the world.

**Sort scrap,**  
separating the materials for processing.

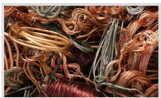

**Cast into usable ingots**  
and packed to order.

**Ready for use**  
in packaging, cars, castings, and more.

## RECYCLED MATERIALS

**ALUMINIUM (Al) ALLOYS**

**COPPER (Cu) SCRAP**

**ZINC (Zn) SCRAP**

**LEAD (Pb) SCRAP**

**Aluminium Alloys**  
Romco's Speciality

We currently produce quality alloys through custom ordering, with ISO certifications BS EN ISO 14001:2015 & BS EN ISO 9001:2015

**Benefits of Secondary Al Over Primary Al:**

- ✓ Uses 95% less energy than mining
- ✓ Emits 97% less Co2 than mining
- ✓ 1mt saves 8mt of bauxite emissions
- ✓ Only 13% is recycled in Nigeria
- ✓ 100% recyclable, unlimited lifecycle

## AVAILABLE SPECIFICATIONS

**ADC 12**

**ADC 12 OFFGRADE 1**

**ADC 12 OFFGRADE 2**

**ADC 12 HZ (HIGH ZINC)**

**LM 24**

**LM 24 OFFGRADE**

**DIN 226**

**A356 (RIM INGOTS)**

**UBC 97%**

**SOFT GRADE 98%**

**UBC 96%**

**COPPER BIRCH SCRAP**

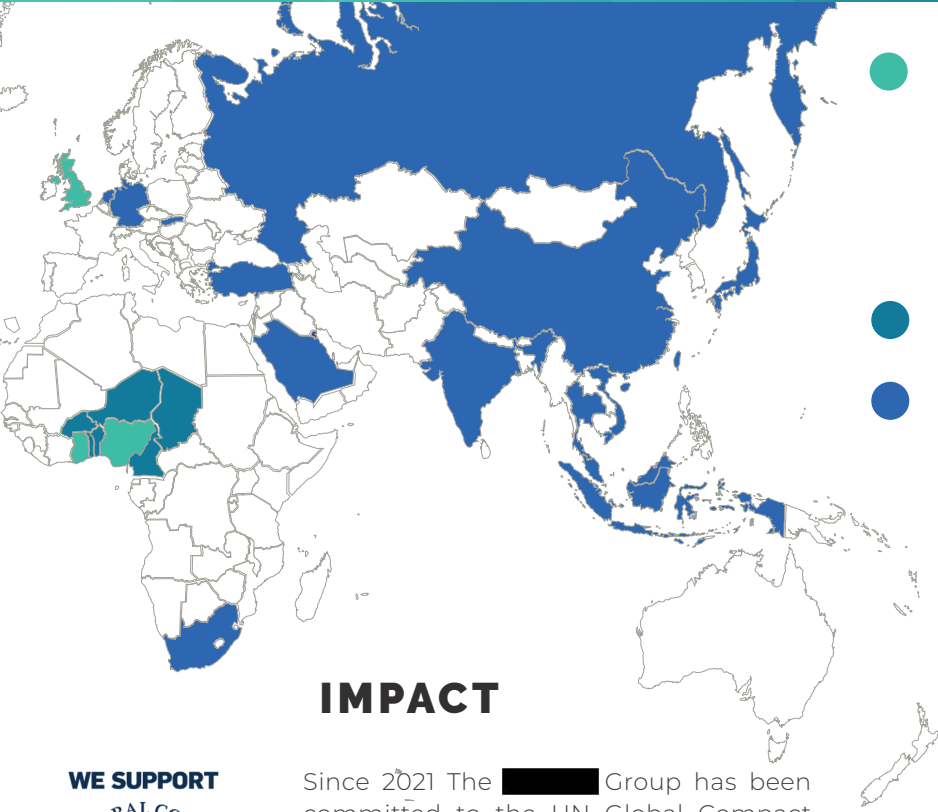

**COPPER BERRY SCRAP**

**BRASS SCRAP**

**BESPOKE ALLOYS**

# RECYCLING METALS GLOBALLY

- **Recycling Production**  
 Headquarters — London, UK  
 Recycling Facility — Lagos, Nigeria  
 Recycling Facility — Prampram, Ghana  
 Collection Hub — Ouagadougou, Burkina Faso  
 Collection Hub — Lomé, Togo
  - **Scrap Suppliers**  
 Collectors, Traders, & Hubs
  - **Trading Partners**  
 Automotive, Food & Beverage, Parts Manufacturers, More
- ... 30,000 mt planned for 2022

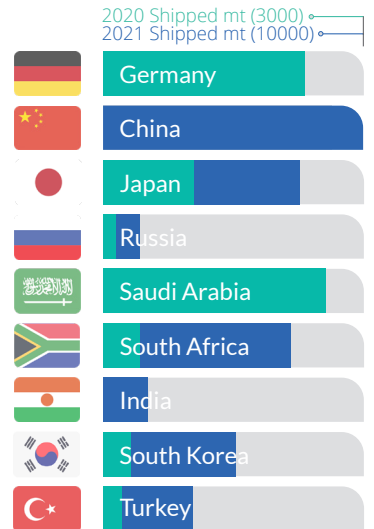

## IMPACT

Since 2021 The [Redacted] Group has been committed to the UN Global Compact corporate responsibility initiative and its principles in the areas of human rights, labour, the environment and anti-corruption.

The [Redacted] Group supports the UN's Sustainable Development Goals (SDGs) and are actively working to impact on 12 of the 17 SDGs.

We ship globally to any location
