

AZ GLOBAL MONTHLY ALUMINUM REPORT

December 2023

NEUTRAL

PROFESSIONAL

INSIGHT

AZ Global

Contents

- 1. Spotlight this Month 4**
- 2. Aluminum Market Analysis this Month: Robust Support for Aluminum Prices from Low Inventory Levels 5**
- 3. Aluminum Market Supply Analysis 7**
 - a. Capacity and Output Analysis 7
 - i. Smelters Dynamics: 7
 - ii. Smelter's Annual Production Adjustment Plan 2024 7
 - iii. Capacity and Output Monitoring: Slight Increase in Industry Capacity 8
 - Inventory Analysis 9
 - i. Aluminum Futures Inventory: Decrease Internally, Increase Externally 9
 - ii. Rapid Social Inventories Destocking 9
 - C. Imports of Primary Aluminum Maintain High in November 10
- 4. Aluminum Market Consumption Analysis 11**
 - a. AZ Global Theoretical Consumption Analysis 11
 - b. Key Consumption Sector Data Monitoring 12
 - i. Real Estate and Transportation 12
 - ii. Electric Power 12
- 5. Cost and Profit Analysis 13**
 - a. National Cost Analysis: State Grid Electricity Prices Rise Month-on-Month 13
 - b. Regional Cost Analysis 13
 - c. Cost Analysis of Production Capacity Range 14
- 6. Raw Materials Market Analysis 15**
 - a. Bauxite Market Analysis 15
 - i. Mining Production Cuts Increase; Northern Resources Should Continue to Tighten 15
 - iii. Shipment Volume Gradually Increases after the Rainy Season in Guinea 16
 - iv. Bauxite Market Outlook 17
 - B. Alumina Market Analysis 17
 - i. Market Competition Continues; Spot Prices Stabilize with Modest Upticks 17
 - ii. Alumina Industry Developments 19
 - iii. Alumina Companies' Production Expansion and Reduction Plans for the Year (Kt) 19
 - iv. Analysis of Alumina Production Capacity and Output 22
 - v. Trade Surplus Resurfaces: China Faces Tight Supply-Demand Balance (Kt) 22

vi.	Ongoing Opening of Import Channels; Active Market Operations	23
vii.	Alumina Cost Analysis	23
viii.	Regional Cost Analysis of Alumina	23
ix.	Cost Analysis of Alumina Production Capacity Range.....	24
x.	Alumina Market Outlook	24
7.	Aluminum Processing Market.....	25
a.	Aluminum Rods.....	25
i.	Processing Fees Display Resilient Fluctuations; Overall Transactional Improvement.....	25
ii.	Expansion of Aluminum Rod Enterprises' Production Cuts; Low Operation.....	26
b.	Aluminum Alloy Ingots.....	28
i.	Insufficient Cost Support; Aluminum Alloy Ingot Quotations Show Mixed Performance.....	28
ii.	Aluminum Alloy Ingot Enterprises Maintain Stable Operations with Production Resumption.....	29
c.	Divergent Performance in Orders; Export Orders Provide Support	31
d.	Top Enterprises Increase Production to Achieve Annual Goals;	33
e.	Aluminum Materials Import and Export Analysis	34
8.	Scrap Aluminum Prices Initially Decline and Later Rise; Higher Willingness to Sell Among Recyclers	36
9.	Overseas Aluminum Industry Developments	37
10	Aluminum Market Outlook	38
11.	Statement.....	39
